What?

OVERMAN is an original rock opera about the life and work of philosopher Friedrich Nietzsche. With a score spanning Strauss to Queen to Radiohead, the piece follows Nietzsche as he transforms himself from backwater preacher's son into epochal, idol-shattering writer. In the face of a culture gripped by Christianity and sliding slowly into nationalism, Nietzsche's genius cannot save him from a terrible choice: stand with those closest to him, or stand against the growing sickness.

This will be a full production of Act I; about an hour of wall-to-wall music. As part of the developmental process, there will be a staged concert in December, so the show can encounter an audience and get rewritten before the ultimate production in March.

Audition Expectations

Auditions will be 15 minute time slots, which you can sign up for on our [YCA page](#).

Please try to arrive a few minutes before your slot time to check in.

Once you get into the audition room, having filled out the [audition form](#):

- We'll warm you up, and check your range.
- You'll sing a 16-32 bar cut of a song of your choice that showcases your abilities as a musical storyteller. We strongly encourage you to choose a song from the musical theater canon, but bring in whatever material you're most comfortable with, and that best shows your personality as a performer. You can bring in sheet music for an accompanist, or a backing track, as long as you're accompanied somehow.

Additionally, optionally:

- We'll teach you an ~16 bar cut of music from the show. You'll perform it, we'll give you some notes, and you'll perform it again.

Auditions will be held in person. If you require any sort of accommodations (video audition, etc.) please reach out to zeph.siebler@yale.edu and we will be more than happy to figure something out.
