(Windy opens a doll with care and expertise for an audience on YouTube.)

WINDY

Hi everyone, this is wendydarling01 opening Truly Me #23...

Sorry about the bad quality... so...

This Is Truly Me #23, I ordered her the other day and she just arrived in the mail an hour ago...

You can see her in her box...

She has Light Skin, Freckles, Brown Hair, and Blue Eyes...

Ok so let's open her up.

Ok so as you can see she comes with an activity book like all Truly Me dolls, here's the book...

It's probably really fun for younger collectors but haha I've taken all the quizzes before so.

Maybe not so much for me ok so you can see her outfit, it's

The Floral Dress for the updated Truly Me line, I decided not to get the layering accessories, just because I have like five other sets already you know.

Ok so let's get her out.

Ok so as you can see she's just adorable.

She has these cute sparkly little shoes all the Truly Mes come with...

You can see her eyes open & close...

Here's a close-up of her freckles. They're Too Cute.

Ok so I'm taking her hair out of the ponytail...

It has that just-out-of-the-box gloss, so p r e t t y

And yea here she is! Her name is Aisling, that's

A-I-S-L-I-N-G, special thanks to aghipster3 for the name...

Okay guys, thanks for watching!

LIGHTS.
