

Desi Side

Youth: You cannot accuse third world men of being sexist when sexism itself is a Western concept!

Desi: Listen to you now!

Youth: We can't force our values on them! You can't ignore the cultural specifics.

Desi: Nazism was culturally specific to Germany. Should we have ignored it?

Youth: I walked right into that one, didn't I?

Desi: Yes, you did...

Youth: I started off pretty strong, though...

Desi: Yeahhh...not really.

(Both laugh.)

Desi: The system does all kinds of damage...

Youth: Ich Lieder dich...

Desi: Du liedst mich? Ha-ha...Baby, we need to work on your German!

Youth: What'd I say?

Desi (*mocking, teasing, flirting.*): "What'd I say?" (*Laughing*) Ich Lieder dich!

Youth: It means "I love you," right?

Desi: Lie-ber is love. "Lie-der" means song. You said, "I song you."

(THEY both laugh...)
