

NUH UH

#AUDITION #INFO

Summary of Project: *Nuh Uh* is an experimental short film that follows the life of a queer college student Leif as he succumbs to a crushing phone addiction. As we watch him make friends, apply to jobs, and navigate romance, we also see what sort of media begins to consume him. The vision deck is [here](#).

The Team: Dean Farella (Director/“Leif”) is an actor and comedian based out of Los Angeles, CA. *Nuh Uh* will be his directorial debut and final project as a senior in Film and Media Studies at Yale. The film is being produced by Victoria Mnatsakanyan (‘27) and our director of photography is Reese Weiden (‘27).

SIDES TO CHOOSE FROM

PATTY (any pronouns): Patty is Leif’s closest confidant—they get each other inside and out. They are quick-witted, loyal, and in touch with their emotions. They also live for drama and will sit down to gab at a moment’s notice.

XAVIER (he/him): Xavier is the chilliest person on campus. Somehow, Leif ends up on a few dates with him. He is kind, but slightly aloof, eventually dumping Leif. Typical.

JANA (she/her): Think Aubrey Plaza in *Parks and Rec*. She is direct and not ashamed.

Audition Requirement: We are accepting self-tapes of selected sides until January 31st at 11:59pm. Please record yourself from the chest up and submit to victoria.mnatsakanyan@yale.edu. No need to be off book or have a fancy set-up, we just want to be able to hear and see you! Sides are [here](#).

Time Commitment: *Nuh Uh* will be shooting from February 10th-24th. Within this time frame, each actor should expect at least 2-hours of rehearsal time and 6-8 hours on set (except for “Patty” who will be needed for at least two or three 6-hour days on set). These hours are flexible within the exact shooting dates.
